Reviewed by Debra W. in Garland, TX

Project: Install or Replace an Asphalt Shingle Roof

Comments: Danny Smith was great to work with. His crew was on time and they had a new roof on in one day. They also built me a patio and repaired and painted my house. His crews worked hard and cleaned up very well. I would recommend this company for any roofing painting or building projects. Very easy to work with.

Review by a Neighbor in Highland Village, TX

Project: Install or Replace an Asphalt Shingle Roof

Comments: Great service, easy low stress experience. While I was completely satisfied I expected a walk through from them to insure satisfaction. That was done over the phone. Other than that no issues. I am comfortable he will quickly correct any issues.

"Excellent to work with! On time, did as they said they would do. They did such a good job I hired them to do more work inside my house. It turned out just as good as the roof. Had a small issue with some painting, told them and they came right back out on my schedule and did an excellent job! I would recommend them to anyone and everyone. It is hard to find Good, Honest and trustworthy contractors, but Smiths's Summit Construction is just that!"

Project: Repair an Asphalt Shingle Roof

"Danny and his crew were prompt and courteous at all times. They completed the job as promised and cleaned up which is refreshing. They also did some sheetrock work, installed an attic stairs and plywood the attic floor. It was great to have a one shop stop to perform the work. Even though some of the work they could not complete for reasons beyond their control, they explained what should be done. I would definitely hire again."

"Moe was outstanding in his response and his work. I will definitely recommend his work. He actually came back out to my home that evening to make sure his job had been completed satisfactorily. I have been a widow for 15 years and have dealt with a lot of repair people and he has changed my opinion of people. He is the best and I will be using him again and recommending him to my friends and neighbors. Arlene Godfrey"
